

## **AARO / SDFCU Event** **New Banking Solution** **for Overseas Americans**

**Exciting news!**

### **AARO and SDFCU are Holding an Event to Introduce New Banking Solutions for Overseas Americans**

Overseas Americans will soon be able to open a U.S.-based bank account with State Department Federal Credit Union (SDFCU) through its new partnership with AARO. This would give you access to SDFCU's products and services designed for overseas Americans who need U.S.-based banking – for example, checking and savings accounts, credit cards, a place to put your IRA, and more! This account would also facilitate cross-border banking.

On October 8, 2025, representatives from SDFCU and AARO will hold a seminar to outline the advantages of this new opportunity. Come learn about the benefits offered, explore the features, ask questions, and find out how simple it is to get started.

Date: Wednesday, October 8, 2025

Time: 6:00PM - 7:30 PM (CET)

Place: In person at Reid Hall, 4 rue de Chevreuse, 75006 Paris, and virtually via Zoom (a link will be sent prior to the event)

Light refreshments after the presentation and Q&A.

Please note that RSVPs are **required** for those attending in person at Reid Hall. Thank you for your understanding.

Please register [here](#)
